

Bridge the gap from pre to post pandemic world, one step at a time

THE BRIDGE a faithful next step for pastor and lay leadership team

Cross from where you are now to where you hope to go - even if you don't know right now!

When energy is low, we need wide bridges through strong networks. The Bridge includes pastors and lay leadership working together in facilitated small cohorts of 4 congregations. Expect:

- **Relationships** - create space for connecting with others in trusted conversations
- **Resiliency** - build sustainability from tired muscles gained in the past year
- **Resistance** - grow courage to overcome fear of making mistakes
- **Redundancy** - shape habits in the congregation and neighborhood
- **Relevance** - experience a life of faith that sustains us through hard times

One faithful step at a time.

The first step: Register your congregation.

Second step: Build your Bridge team. 4-6 people with hope for the future

Third step: Meet your coach and bring your team Sept. 14 at 6:30 pm CT

It's really this simple. We will walk together, building a bridge to the future.

For pastor and team of 4 -6 lay leaders from the same church.
